SUMMARY

iOS developer with three years of experience in mobile app development. Passionate about learning new technologies, improving my skills, and growing professionally.

EXPERIENCE

iOS Developer – BALINK

Sep 2022 – Present

- Developing and maintaining high-quality iOS applications using Swift (SwiftUI and UIKit).
- Collaborating with cross-functional teams to define, design, and deliver innovative features.
- Debugging, testing, and optimizing application performance to meet high-quality standards.
- Publishing application versions to App Store, Firebase, and TestFlight.

Full-Stack Web Developer – Freelance

(Part-time) 2016 – 2022

- Built and maintained websites for small businesses using HTML, CSS, JavaScript, React, and PHP.
- Delivered responsive, cross-browser solutions and ongoing technical support.

NCO – IDF

Nov 2013 – Mar 2015

- Supervised and mentored new recruits during their integration and assignment process.
- Led pre-enlistment tours and training sessions as part of the *Shachar Kachol Project – Israeli Air Force*.

EDUCATION

- The Open University: B.Sc. Computer Science student.
- Online Courses: Completed courses in Web (React, JS, CSS) and Android (Kotlin) on Udemy.
- iOS Bootcamp (BALINK): 2-month intensive program with a final project simulating real-world development.

SKILLS

- iOS Development: Swift, SwiftUI, UIKit, MVVM, Combine, ReSwift, REST APIs, App Store deployment.
- Android Development: Kotlin (personal projects, familiar with Android Studio and app architecture).
- Web Development: React, JavaScript (ES6+), HTML5, CSS3, Tailwind, responsive design.
- Backend & Databases: Firebase, MySQL, SQL, Salesforce.
- Tools & Collaboration: Git (GitHub, Bitbucket, Sourcetree), Jira, Postman, Agile/Scrum.

LANGUAGES

- Hebrew: Native.
- English: Upper-intermediate.
- French: Beginner.
